STAT MEMORANDUM FOR: [REDACTED]  
Office of General Counsel

STAT FROM : [REDACTED]  
Assistant Legislative Counsel

SUBJECT : H. R. 201 - Limitation on Number of Federal  
Employees in Capitol Area

1. For your information, attached is H.R. 201 which would require that, effective 1 October 1981, the number of federal Executive branch employees in or within 50 miles of D.C. not exceed 50% of the total.

2. This would affect CIA only insofar as we would be included in the total number of Executive branch employees. This matter was earlier raised in the context of Civil Service Reform legislation during the last Congress which we worked on.
